

S-TYPE CLAMP

S-TYPE

The S-Type clamp is Staitech's basic model and is intended for low pressure applications where an economic clamp design is required. Clamps are manufactured in 304 stainless steel and are available with open wing nut, solid wing nut or hex nut.

Connections	To suit 1/2" - 6" ASME BPE clamp fittings
Material	304 stainless steel
Surface Finish	All surfaces - bright polish
Options	Various closure types Coloured wing nuts (red, blue, black, yellow, green) Machining to suit ported gaskets Machining to suit tabbed orifice plates
Certification	Certificate of conformity

	Clamp end (ASME BPE)	Max pressure (bar @ 150°C)	ØA (mm)	ØB (mm)	ØC (mm)	D (mm)
	1/2" / 3/4"	25	25	55	32	17
	1" / 1-1/2"	25	50.5	85	60	17
	2"	25	64	99	75	17
	2-1/2"	25	77.5	114	85	17
	3"	20	91	130	104	17
	4"	20	119	157	127	17
	6"	15	167	215	182	25
