

The S-Type clamp is Staitech's basic model and is intended for low pressure applications where an economic clamp design is required. Clamps are manufactured in 304 stainless steel and are available with open wing nut, solid wing nut or hex nut.

Connections

To suit 1/2" - 6" ASME BPE clamp fittings

Material

304 stainless steel

Surface finish

All surfaces - Bright polish

Options

Various closure types
Coloured wing nuts
(Red, Blue, Black, Yellow and Green)
Machining to suit ported gaskets
Machining to suit tabbed orifice plates

Available certification

CofC Certificate of Conformity

S-Type dimensions

		Clamp end (ASME BPE)	Max Pressure (bar at 150°C)	ØA (mm)	B (mm)	C (mm)	D (mm)
		1/2" / 3/4"	25	25	55	32	17
		1" / 1-1/2"	25	50.5	85	60	17
		2"	25	64	99	72	17
		2-1/2"	25	77.5	114	85	17
		3"	20	91	130	104	17
		4"	20	119	157	127	17
		6"	15	167	215	182	25
